

PRASHANT KUMAR

CORE COMPETENCIES

- Training in Artificial Intelligence
- Intermediate Python Programming
- Agile Framework as Applied to Data Scientist

WORK EXPERIENCE

Data Science and Business Analytics

THE SPARK FOUNDATION | FEB 2021 TO PRESENT

- Writing codes to collect, crunch and analyze data from internal and external sources.
- Building and tuning Machine learning models using Python and sci-kit-learn.
- Use BI tools such as Tableau, Power BI to analyze data, find important patterns, and design visualization dashboards on a given dataset.

Training in Artificial Intelligence

EXCELR SOLUTIONS | JUNE 2020 TO PRESENT

- Programming in Python
- Visualization of data using different graphs
- Data cleaning libraries
- Supervised and Unsupervised algorithms
- Problems Solved (Links of the problems solved)

ACADEMIC HISTORY

S R M Institute Of Science And Technology

B.TECH(COMPUTER SCIENCE), CLASS OF 2016

- Graduated with 74.05%
- Attended seminars on Ethical Hacking

SRJ DR R M L G Inter College

CLASS 12 (SCIENCE WITH PCM) , CLASS OF 2015

- Scored 82.2% (All subjects)
- Scored 88.66% in PCM

Shri Ramswaroop Memorial Public School

CLASS 10 , CLASS OF 2013

- Participated in several sport fest including CBSE Cluster
- Participated in Math's Olympiad

CAREER OVERVIEW

I am a Computer Science(B.tech) Student with additional training in Artificial Intelligence from Excelr Solutions Bengaluru which includes Data Science, Machine Learning, Data Visualization and Data Processing.
